

**STATEMENT  
BY ORIENT FINANS BANK ON ITS COMMITMENT TO  
ANTI-CORRUPTION PRINCIPLES**

***Dear colleagues,  
valued clients and partners,  
distinguished friends,***

*This year, Orient Finans Bank proudly celebrates its 15th anniversary. Over the past years, the Bank has achieved significant milestones and demonstrated sustainable growth. A cornerstone of our successful transformation lies in our strong corporate culture, which is fundamentally built upon the principle of integrity.*

*Orient Finans Bank conducts its operations in full compliance with applicable laws and consistently upholds the highest standards of ethical business conduct — transparency, honesty, and fairness. We maintain a zero-tolerance policy towards corruption in any form, regardless of its scope or nature, and we view the promotion of an anti-corruption culture in society as our moral and civic responsibility.*

*To institutionalize this commitment, the Bank has adopted a comprehensive Anti-Corruption Policy, aligned with both national legislation and internationally recognized standards. All employees are strictly required to adhere to this Policy without exception.*

*Our Bank is dedicated to fostering long-term, trust-based relationships with clients and business partners. We categorically condemn any corrupt practices within the framework of these relationships.*

*We actively encourage the reporting of any suspected or confirmed instances of corruption, as well as any conduct that may constitute or lead to a violation of anti-corruption legislation or the provisions of the Policy. To facilitate this, we have established secure and accessible reporting channels for employees, clients, and third parties alike.*

*By embracing advanced banking technologies, Orient Finans Bank is systematically reducing the influence of the “human factor,” thereby increasing process transparency and minimizing corruption-related risks.*

*We are deeply committed to the principles of ethical and responsible business conduct and firmly believe that our clients and partners stand with us in our unwavering stance against corruption!*
